

FUTURE PROOF EDUCATIONTM
LEARN TODAY. LEAD TOMORROW.

About the Course Timetable

The Future Proof Education timetable is designed to make it easy for students and parents to find the most suitable batch.

Only **selected active batches** are displayed in the timetable. Additional batches are opened throughout the year based on student demand and instructor availability.

Our Teaching Schedule

As Future Proof Education is currently led by a single lead tutor, the timetable has been carefully designed to maintain high-quality teaching while allowing flexibility for personalized learning.

Weekday Schedule

Mode	Available Time
Online	Monday–Friday • 10:30 AM – 12:30 PM
In Person (Burlington)	Monday–Friday • 4:30 PM – 8:30 PM

Weekend Schedule

Mode	Available Time
Online & In Person	Saturday–Sunday • 11:00 AM – 9:00 PM
Break	One scheduled break during the day

Why Are Only Selected Courses Displayed?

Rather than opening every course immediately, Future Proof Education launches batches based on:

- Student demand
- Grade level
- Instructor availability
- Batch capacity
- Seasonal enrollment

This allows us to provide a better learning experience while maintaining smaller class sizes.

Priority Courses Available

The following courses are generally offered first because they receive the highest number of registrations.

Category	Courses
Middle School	Grade 7–10 Mathematics
Middle School	Grade 7–10 Science

High School	Grade 11 Functions
High School	Grade 12 Advanced Functions
High School	Grade 12 Calculus & Vectors
High School	Grade 11–12 Physics
Coding	Python Programming
AP	AP Calculus
Competition	Waterloo Mathematics Contests

Additional courses are added as registrations increase.

If Your Course Is Not Listed

Don't worry.

Many courses are available even if they are not currently shown on the timetable.

These include:

- One-on-One Tutoring
- Small Group Sessions
- Newly Opening Batches
- Customized Learning Plans
- Additional Online Batches

If your preferred course is unavailable:

Step 1

Complete the Registration Inquiry Form:

<https://docs.google.com/forms/d/e/1FAIpQLSePc8y2M0kOAnA8HtTi59H-AhghN5al12ODJc5euOum3yC2QA/viewform>

Step 2

Our academic team will review demand for your course.

Step 3

If enough students are interested, a new batch may be opened.

How We Schedule Classes

Our timetable is intentionally designed to make attending multiple subjects easier.

Whenever possible, courses for the **same grade** are scheduled back-to-back.

Example

Monday

6:00 PM – Grade 9 Mathematics

7:00 PM – Grade 9 Science

Instead of travelling on five different days, students can complete multiple subjects during a single visit.

One-on-One Sessions

One-on-one tutoring is available throughout the year.

These sessions are ideal for:

- Personalized instruction
- Accelerated learning
- Exam preparation
- Students requiring additional academic support
- Flexible scheduling

One-on-one sessions may be scheduled outside regular group batches where availability permits.

Batch Size

To maintain a high-quality learning environment:

Maximum Group Size
8 students per batch

(subject to future revisions)

Timetable Updates

Our timetable is updated regularly.

New batches may be introduced based on:

- Registration demand
 - Additional teaching availability
 - Seasonal courses
 - Crash courses
 - Boot camps
 - AP preparation
 - Competition preparation
-

Need Help Choosing a Course?

If you are unsure which batch is right for your child, complete our Registration Inquiry Form or contact us directly.
